Roman food, and particularly Apician Roman food, has a terrible reputation. Many of the recipes in Apicius have so many spices, herbs and liquids that the food they represent seems, to the untrained eye and palate, to be simply over-done. The consensus among scholars and archaeologists over past decades has been that the spices were

COOKING APICIUS - Prospect Books

Apicius is a collection of Roman cookery recipes, thought to have been compiled in the 1st century AD and written in a language in many ways closer to Vulgar than to Classical Latin; later recipes using Vulgar Latin (such as ficatum, bullire) were added to earlier recipes using Classical Latin (such as iecur, fervere).Based on textual analysis, the food scholar Bruno Laurioux believes that the ...
