Mark Forster's Do It Tomorrow and Other Secrets is filled with common-sense advice and real-world problems with solutions. My biggest takeaways were the concepts of reducing randomness with a buffer and of creating and completing daily closed lists.

Mark Forster's book "Get Everything Done and Still Have Time to Play" took an entirely new approach to time management. One of his most important points was that once we have taken on a commitment, prioritising does not work because we need to do everything relating to that commitment. In the six years since he wrote the book as he has reached thousands of people through writing, seminars and coaching, he has continued to develop and refine his methods. He has now perfected even more effective methods of getting everything done through the introduction of some radical new ideas, including closed lists, the manyana principle and the "will do" list. He is brilliant at helping people to use new forms of communication effectively so that they do not become a tyrant. The result is a complete system which will enable almost anyone to complete one day's work in one day.

Before speaking at a national political convention about her experiences as a transgender person, the author struggled with the decision to come out - not just to her family but to the students at her university, where she was serving as student body president. She'd known she was a girl from her earliest memories, but it wasn't until a Facebook post announcing her truth went viral that she realized the impact her story could have on the country. Four years later, the author was one of the nation's most prominent transgender activists, walking the halls of the White House, advocating inclusive legislation, and addressing the country in the midst of a heated presidential election. She had also found her first love and future husband, a trans man and fellow activist, who complemented her in every way ... until cancer tragically intervened. This book is the author's story of love and loss and an account of the LGBTQ community's battle for equal rights.--adapted from dust jacket.

Time is what our lives are made of. Failure to use it properly is disastrous. Yet most books on time management don't work because they take little account of human psychology or the unexpected. This book, written for everyone who has to juggle different demands in a busy schedule, includes lots of help and advice in finding a system that works effectively and leads to more enjoyment of work and leisure. 'I left Mark Forster's time management workshop a changed woman. Yesterday I used his system for a whole day. It was stress-free and fun. I felt energised and satisfied at the end of it.' Sarah Litvinoff

Journey through the beautifully hand-lettered messages by award-winning illustrator Jessica Hische. This uplifting and positive book - now a New York Times best seller - encourages kids to promise that tomorrow, they will try new things, do their best, and be brave. Tomorrow I'll be all the things I tried to be today: Adventurous, Strong, Smart, Curious, Creative, Confident, & Brave. And if I wasn't one of them, I know that it's OK. Journey through a world filled with positive and beautifully hand-lettered words of wisdom, inspiration, and motivation. As this book reminds readers, tomorrow is another day, full of endless opportunities--all you have to do is decide to make the day yours. "Jessica Hische, one of the great designers and typographers, now shows herself equally adept at creating gorgeous and immersive images for young readers. This is a joyous burst of color."--Dave Eggers, author of Her Right Foot

We'll Do It Tomorrow is more than a book of tales about hunting and fishing, these stories are about the joys and sorrows of life. They will linger in your heart and leave you wishing for more. We'll Do It Tomorrow is definitely a keeper. Pull up a comfortable rocking chair, pour a steaming cup of coffee and settle in with this book. Savor these stories by John Faris as you would a tall glass of sweet tea.

"A rediscovered treasure." — Maureen Corrigan, Washington Post From Betty Smith, author of the beloved classic *A Tree Grows in Brooklyn*, comes a poignant story of love, marriage, poverty, and hope set in 1920s Brooklyn. *Tomorrow Will Be Better* tells the story of Margy Shannon, a shy but joyfully optimistic young woman just out of school who lives with her parents and witnesses how a lifetime of hard work, poverty, and pain has worn them down. Her mother's resentment toward being a housewife and her father's inability to express his emotions result in a tense home life where Margy has no voice. Unable to speak up against her overbearing mother, Margy takes refuge in her dreams of a better life. Her goals are simple—to find a husband, have children, and live in a nice home—one where her children will never know the terror of want or the need to hide from quarreling parents. When she meets Frankie Malone, she thinks her dreams might be fulfilled, but a devastating loss rattles her to her core and challenges her life-long optimism. As she struggles to come to terms with the unexpected path her life has taken, Margy must decide whether to accept things as they are or move firmly in the direction of what she truly wants. Rich with the flavor of its Brooklyn background, and filled with the joys and heartbreak of family life, *Tomorrow Will Be Better* is told with a simplicity, tenderness, and warmhearted humor that only Betty Smith could write.

In 1956, Ava Lark rents a house with her twelve-year-old son, Lewis, in a desirable Boston suburb. Ava is beautiful, divorced, Jewish, and a working mom. She finds her neighbors less than welcoming. Lewis yearns for his absent father, befriending the only other fatherless kids: Jimmy and Rose. One afternoon, Jimmy goes missing. The neighborhood—in the throes of Cold War paranoia—seizes the opportunity to further ostracize Ava and her son. Years later, when Lewis and Rose reunite to untangle the final pieces of the tragic puzzle, they must decide: Should you tell the truth even if it hurts those you love, or should some secrets remain buried?

A FINANCIAL TIMES BOOK OF THE YEAR One of our most scintillating public intellectuals explores the political paradoxes of the pandemic and helps us think our way through it 'We are able to imagine anything because we are being besieged by something that was considered unimaginable...' Beneath the panic and bluster, beneath the confusing speeches and the conflicting advice, the Coronavirus pandemic acted, changing our world in the most profound ways. The tragic human cost and the economic devastation will be assessed and calculated for decades to come. But the pandemic also changed things in ways that are less easily expressed and understood. It has made bare the frayed contradictions of modern life. It has distorted things that seemed simple and settled. It has affirmed plain, uncomfortable truths. In this brilliant, thought-provoking essay, Ivan Krastev, one of our most interesting thinkers today, explores the pandemic's immediate consequences and conceives of its long-term legacy. Will things be different for the communities most harmed, and for those who escaped the worst? Where are we now with the US and China, with the UK and Europe? And how do we think our way through the unthinkable?
