The second installment in The Wolf Chronicles finds Kaala struggling with the consequences of forming the first mixed wolf-human pack.

A memoir by the mustachioed baseball pitcher who went playing rocky, trash-ridden fields in Castro's Cuba to becoming a Boston Red Sox legend. Luis Tiant is one of the most charismatic and accomplished players in Boston Red Sox and Major League Baseball history. With a barrel-chested physique and a Fu Manchu mustache, Tiant may not have looked like the lean, sculpted aces he usually played against, but nobody was a tougher competitor on the diamond, and few were as successful. There may be no more qualified twentieth-century pitcher not yet enshrined in the National Baseball Hall of Fame. His big-league dreams came at a price: racism in the Deep South and the Boston suburbs, and nearly fifteen years separated from a family held captive in Castro's Cuba. But baseball also delivered World Series stardom and a heroic return to his island home after close to a half-century of forced exile. The man whose name—"El Tiante"—became a Fenway Park battle cry has never fully shared his tale in his own words, until now. In *Son of Havana*, Tiant puts his heart on his sleeve and describes his road from torn-up fields in Havana to the pristine lawns of major league ballparks. Readers will share Tiant's pride when appeals by a pair of US senators to baseball-fanatic Castro secure freedom for Luis's parents to fly to Boston and witness the 1975 World Series glory of their child. And readers will join the big-league ballplayers for their spring 2016 exhibition game in Havana, when Tiant—a living link to the earliest, scariest days of the Castro regime—threw out the first pitch.

This book provides an overview of the theory, practice and context of entrepreneurship and innovation at both the industry and firm level. It provides a foundation of ideas and understandings designed to shape the reader's thinking and behaviour to better appreciate the role of innovation and entrepreneurship in modern economies, and to recognise their own abilities in this regard. The book is aimed at students studying advanced levels of entrepreneurship, innovation and related fields as well as practitioners (for example, managers, business owners). As entrepreneurship and innovation are largely indivisible elements and cannot be adequately understood if studied separately, the book provides the reader with an overview of these elements and how they combine to create new value in the market. This edition is updated with recent international research, including research and examples from Europe, the US, and the Asia-Pacific region.

This book constitutes the thoroughly refereed post-conference proceedings of the 11th IFIP WG 6.11 Conference on e-Business, e-Services and e-Society, I3E 2011, held in Kaunas, Lithuania, in October 2011. The 25 revised papers presented were carefully reviewed and selected from numerous submissions. They are organized in the following topical sections: e-government and e-governance, e-services, digital goods and products, e-business process modeling and re-engineering, innovative e-business models and implementation, e-health and e-education, and innovative e-business models.

From the author of the celebrated classic *Louder Than Hell* comes an oral history of the badass Heavy Metal lifestyle—the debauchery, demolition, and headbanging dedication—featuring metalhead musicians from Black Sabbath and Judas Priest to Twisted Sister and Quiet Riot to Disturbed, Megadeth, Throwdown and more. In his song “You Can’t Kill Rock and Roll” Ozzy Osbourne sings, “Rock and roll is my religion and my law.” This is the mantra of the metal legends who populate *Raising Hell*—artists from Black Sabbath, Judas Priest, Slipknot, Slayer, and Lamb of God to Twisted Sister, Quiet Riot, Disturbed, Megadeth, and many more! It’s also the guiding principle for underground voices like Misery Index, Gorgoroth, Municipal Waste, and Throwdown. Through the decades, the metal scene has been populated by colorful individuals who have thwarted convention and lived by their own rules. For many, vice has been virtue, and the opportunity to record albums and tour has been an invitation to push boundaries and blow the lid off a Pandora’s box of riotous experiences: thievery, vandalism, hedonism, the occult, stage mishaps, mosh pit atrocities, and general insanity. To the figures in this book, metal is a means of banding together to stick a big middle finger to a society that had already decided they didn’t belong. Whether they were oddballs who didn’t fit in or angry kids from troubled backgrounds, metal gave them a sense of identity. Drawing from 150-plus first-hand interviews with vocalists, guitarists, bassists, keyboardists, and drummers, music journalist Jon Wiederhorn offers this collection of wild shenanigans from metal’s heaviest and most iconic acts—the parties, the tours, the mosh pits, the rage, the joy, the sex, the drugs . . . the heavy metal life! Horns up!

A hilarious and hopeful primer to prevent, combat, and eliminate the suckage in modern marriage by doing it right in the early years, from one of the minds behind the series Sex and the City and the New York Times bestselling authors of He's Just Not That Into You, It's Called a Breakup Because It's Broken, and It's Just a F**ing Date Some marriages start out storybook. Perfect proposal, perfect engagement, perfect wedding, perfect honeymoon, and perfect newlywed years. Greg Behrendt and Amiira Ruotola stumbled right out of the wedding gate. Their choices in the early years, they'll tell you, nearly bought their marriage a one-way ticket to Suckville. The New York Times bestselling authors explore all the adventures of early wedlock, from the moment one of you gets on one knee to the day when sex starts to feel like work instead of play. In this guidebook, Behrendt and Ruotola explore their own marriage and, with gleeful candor, tremendous warmth, sharp humor, and piercing insight, look at what we who have decided to "settle down" hope to get out of our most lasting relationship. We venture through volumes on the engagement, wedding planning, the Big Day, the wedding hangover, the (blissful?) first year, the hard work of marrying two lives, fights, and sex-pectations versus sex-pectreality. The perfect book for those who have just put a ring on it or are thinking of putting a ring on it, Behrendt and Ruotola's work is a brilliant guide for the first stretch of that wild ride we call marriage.
