My family and I traveled to Milan, Italy, for a special event: the unveiling of the precious ancient parchment containing the secret, original recipe for panettone, a traditional sweet holiday bread. But right before the big moment, the recipe was stolen! And the thief was masquerading as... me! Could I catch the thief and clear my name?

An accessible introduction to the design of Italian food branding, packaging, advertising, and marketing, covering all of the most iconic Italian foods, from Nutella to Illy coffee. This fascinating book delves into the innovative and visually stimulating world of top Italian foods. As the renowned designer Ettore Sottsass once said, "Eating necessarily involves a creative process. In this sense it lies within the realm of the design profession." Eighty well-known Italian Food products from the nineteenth century to the present day have been chosen and placed in broad historical contexts. The book tells the story of all the design phases of each item--from the initial conception of the idea to its shape, packaging, communication, and advertising. A range of visuals, including original projects drawings, posters, and magazine and television advertisements accompany informative text discussing the role of each brand and its impact on consumers' personal habits. Featuring a broad selection of products, such as as Parmigiano Reggiano cheese, Illy coffee, Panettone Motta, Cirio tomatoes, Barilla pasta, San Pellegrino water, and Nutella, this book is perfect for advertising professionals, graphic designers, brand managers, product designers, and anyone with an interest in Italian food and design.

I was traveling to London, England on a secret mission! I had to investigate some strange occurrences -- someone was trying to get their paws on the crown jewels! Trap came along, too, to compete in a big magic show. And before I could solve my mystery, Trap needed my help... to perform an impossible magic trick. Could I do it all? Squeak!

My family and I, Geronimo Stilton, were invited to Lisbon, Portugal, to retrace the journey of the great explorer Vasco da Gama. He was the first European to reach India by sea -- and was apparently an ancestor of the Stiltons! But once we got on the boat, I learned that someone was trying to sabotage the voyage. Could I figure out who?
