The Art of Inquiry applies to learning more about ideas, interests and concerns of your colleagues, customers, competitors and vendors. Curiosity leads to questions, and questions are how we bring the Art of Inquiry to life. So why not refer to this leadership practice as the art of questioning? Inquiry is more than asking good questions.

Inquiry teachers observe, notice, reflect and respond. They bring an inquiry stance to their observations of and conversations with learners. They take time to notice what ' s going on and to reflect on what they see and hear. And they notice themselves. They deliberately slow down instruction to notice the way students are responding. Inquiry teachers are intentional, observant and responsive.

Thelma Ehrlich Anderson, Joan Doris Goldhamer, Gladys Engel Lang, Thelma Herman McCormack, and Yole Granata Sills were among dozens if not scores of women who had an important hand in establishing media and communications research as fields of inquiry in the 1930s and 1940s. These women have generally dropped from view, in histories that emphasize the more famous men they worked with or for, including Robert Park, Ernest Burgess, Paul Lazarsfeld, Robert K. Merton, and C. Wright Mills.
