observers argue

that focusing on

which are

mainstays of  
popular culture.

The power of the

heightened the need  
for academics to  
question whether  
Disney ' s films and  
music function as a  
tool of the Western  
elite that shapes the

its global reach,  
how the Walt

handles the role of  
race, gender, and  
sexuality in social  
structural inequality  
merits serious  
reflection according  
to a number of the  
articles in the  
volume. On the

also vary according  
to the theoretical  
perspectives

guiding the  
interpretation of
